Additional Rates, Commissions, Discounts, Billing

Short Rates & Rebates

Advertisers will be short-rated if, within a 12-month period from date of first insertion, they fail to use the amount of space on which billings have been based. Rate protection will not apply in short-ratings. Advertisers will be rebated if, within a 12-month period from date of first insertion, they have purchased sufficient additional space to warrant a lower rate.

Agency Commissions & Billing

A 15% commission on space, color, and position rates will be given to bona fide ad agencies only. No cash discounts. No agency commission on production or mechanical charges. There will be a 2% per month charge on all accounts more than 30 days past due. If payment is not received within 30 days of billing, agency commissions are forfeited. Advertiser and its agency are jointly responsible for payment to VALVE Magazine.

Advertising Policy

VALVE Magazine accepts advertising from valve and actuator manufacturers, and from suppliers who are VMA members, at a discounted rate. The advertising must be related to valves, actuators or related products, or their applications. The publisher reserves the right to reject any advertisement that is not related.

VALVE Magazine also accepts advertising from non-VMA member valve and actuator manufacturers that qualify for VMA membership under its bylaws. This advertising must be related to valves, actuators or related products or applications that meet VMA criteria for membership. The publisher reserves the right to reject any advertisement that is not related.

VMA will also consider accepting advertising from non-member, supplier companies for products and services that are not similar to primary valve, actuator, or service products of VMA member companies. Allowed supplier advertising includes items or services purchased essentially in their final form and used to sell, manufacture, or apply to valves or actuators. Terms or services that appear to duplicate proprietary parts, accessories, or designs of VMA member company products or services are specifically excluded from supplier advertising. The publisher reserves the right to review any supplier advertising before accepting it, as well as reject any advertisement that is not in compliance with VALVE Magazine advertising policy.

Advertising is separate from the editorial process. When appropriate information originating from, or authorized by, advertising company representatives is included as editorial content, the content is considered on its merit, and the source of the information and/or the affiliation is clearly identified.

VMA/affiliate members may advertise in their own name. Units or divisions must advertise in the name of their parent company. A member in good standing is defined as a company whose annual dues are not more than 60 days in arrears.

Except for reserved covers or opposite Table of Contents space or opposite VMA President's Letter, positioning of advertising within the magazine is at the discretion of the editors. Every attempt will be made to comply with placement requests.

Advertisements are not acceptable if they compare the cost, attributes, deficiencies, or applications of one company's products to another's by name.

Advertising accounts must be kept current within 30 days. Companies whose accounts fall more than 60 calendar days past due (from invoice date) will be ineligible to advertise until their account is paid in full. Advertising agencies will lose their 15% ad agency commission if account is not paid by 30 days from invoice date. After 90 days, the unpaid balance will be sent to collection.

No conditions, printed or otherwise, appearing on the space order, billing instructions, or copy instructions that conflict with the publisher's stated policies will be binding on the publisher.

Advertiser and agency agree to indemnify and hold harmless the publisher from and against any claims resulting from design, patent or copyright infringement, libel, violation of privacy, plagiarism or any other suits based on the contents or appearance of the advertisement.

Although every effort is made to ensure a high level of print quality and to notify advertisers when inferior materials are received, the publisher is not liable for poor print quality resulting from problems with the supplied materials. No make-goods will be given to advertisers who do not supply a hard copy proof of ads submitted digitally.

The publisher reserves the right to hold the advertiser and/or agency responsible for any monies due.

Proper notification will be given of any rate change. Space orders may be canceled at the time the rate change becomes effective without a short rate adjustment on space already run, provided the contract has been earned up to the date of cancellation.
